

Management and Review Services

Bitzios Consulting has been involved in the project management of a number of transport studies for Queensland Department of Transport and Main Roads, TransLink and various Councils in both Queensland and NSW. Our staff are trained in time, cost and quality control.

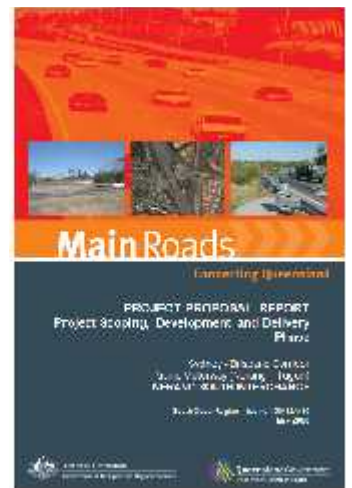

Our staff are accustomed to working in our client's offices and we have a number of staff who provide long term support to various government agencies.

Our blend of technical expertise and project management experience provides excellent value for money for short or medium term assistance with internal resourcing needs.

We are also often called upon for peer review services for transport strategies, evaluation processes, models, traffic studies and traffic impact assessments. We have a number of principal engineers with particular expertise in key areas for providing these types of independent review roles.

Selected projects include:

- NZTA Efficiency and Safety Evaluation Tool Peer Review
- Wolli Creek Traffic Improvements Design Development
- RMS SCATS Support (In-house)
- GCRT Stage 2 Tender Evaluation
- Westconnex Impact Review, Rockdale Council
- Gateway Upgrade North Tender Evaluation
